BusinessCode

Your opportunity

Job advertisement

BusinessCode GmbH supports customers in developing their IT landscape. BusinessCode offers analysis, development, consulting, hosting, training and maintenance of database-driven web applications as well as IT consulting on a wide range of topics.

To strengthen our team in **Bonn** we are looking for a new team member now:

Working student in IT consulting (m/f/d)

We are looking for:
A student (m/f/d) to **support** our team in **consulting our customers**.

We offer a workplace centrally located in Bonn opposite the university and an exciting environment with local and international clients.

You are bringing:
- Independent work and structured thinking
- Willingness to understand the processes and technical requirements of customers.
- Affinity to technical topics and interest in IT.
- Knowledge and experience in working with MS Office.
- German and English in spoken and written form.

You should know:
- You can arrange your working hours to suit your university studies.
- English speakers welcome
- We are also happy to supervise Bachelor and Master theses.

Please send us an informal email to **jobs@business-code.de**.
